

*Plywood Mill*

*What can  
you do???*

## **The Anacortes Plywood Story...**

The following overview of the Anacortes Plywood Mill is a '*draft*' put together with materials and knowledge currently available. When you look at it, consider that it is a work in progress. Your help can make it even more complete.

### **What can you do???**

There are a few things where you can help. Please let us know if:

- You find error or can add information to the presentation.
- You have employee and/or family pictures you are willing to share.
- You want to write a story about someone (or their family) who worked in the mill (some examples are shown in the presentation as a reference).
- You have a memory you would like to share.

All information, pictures or stories can be sent to the Anacortes Museum at: [coa.museum@cityofanacortes.org](mailto:coa.museum@cityofanacortes.org)
